ACRM

Anaesthetic Crisis Resource Management

This course enables multi-disciplinary anaesthesia teams to work and learn together as they would in their usual work environment. ACRM covers the key principles of Crisis Resource Management and explores the dynamics of effective team communication. This course is especially designed for multi-disciplinary teams and medical and nursing or technical staff are encouraged to attend together, however individual applicants are also most welcome.

The following content is covered in this one day course:

- Introduction to METI and immersive environments
- Introduction to Crisis Resource Management
- Using the defibrillator
- Communication issues
- Focus on teamwork
- Scenarios

Participants:

Anaesthetists, Anaesthetic Trainees, GP Anaesthetists, Anaesthetic Nurses and Anaesthetic Technicians

Professional Points:

ANZCA - 3 CPD points per hour
ACEM - 11 pts (MOPS), ACRRM - 18pts,
RCNA - 9 CNE pts
