### The 12th annual PAN EUROPE PACIFIC MEDICAL & LEGAL CONFERENCE

#### PARIS, FRANCE

Sunday 5 February 2012- Sunday 12 February 2012

---

This will be our third conference held in Paris, France, from 5 – 12 February 2012. Our previous Paris conferences held in 2009 & 2010 were a great success. Paris in winter is wonderful, minimal queues, everything is open and in February Paris often has a dusting of snow adding a white lacquer to the whole city. Outdoors, overcoats are de rigueur, and walking the streets of Paris in the cold crisp air is not only romantic but is invigorating. Plus the wine tastes so much better in winter.

All sessions will be held at **Hôtel Royal Saint Honoré**. Our conferences have become an entrenched part of the medical continuing education calendar for practitioners and academics from all over the world. It is essential for our professional development to network with colleagues from different jurisdictions and hear papers from international experts. France has been, and in many ways remains, a cradle of western intellectual thought and particularly in medicine, France has been at the forefront of advancements in medicine.

**The academic and professional program** has always been the centre piece of our conferences, but an equally important part is the networking activities we organise outside of the formal program. Over the years many delegates have forged professional links with other practitioners arising out of meeting for the first time at the conferences. The synergy of medical and legal practitioners at these conferences has led to a greater understanding of each other's role and broken down many barriers. Delegates have also reported that the informal interaction with other delegates has led to an exchange of ideas and methodologies, and an enhancement of professional camaraderie among fellow practitioners including referrals from both fellow medical practitioners and lawyers. Many delegates are now coming to these conferences as individuals because of the camaraderie and networking events associated with the conferences.

We advise not rushing to check out of Paris; an extra day at least is advised or at the very least a late departure. Sunday is a wonderful day to be in Paris. We have a conference dinner and welcome drinks on Sunday 5 February 2012. During the conference week, we plan a day trip to the Champagne region (*returning to Paris that evening*). Whilst in the Champagne region, we will look at intellectual property issues as a basis for industry protection. Appellation control is one of the weapons used to control brand management. During the course of the conference week we will organise guided tours of the Musée du Louvre and the Musée D'Orsay (where we will see the modern masters).
